• References (consist of references of minimal 10 years recently and in the form of essay).

Article of Reference, with writing structure:
• Title of the article
• Author name and address of related institution (likely, address and telephone number / mobile phone correspondence that can be contacted anytime should be attached)
• Introduction (without subtitle, state the rationale for the study some references and main problem / the study purpose, maximal 1 page)
• Subtitle
• Subtitle in keeping with needs
• Subtitle
• Conclusion
• References (consist of references of minimal 10 years recently and in the form of essay).

Article of Case Report contains:
• Title
• Author name and address of related institution (likely, address and telephone number / mobile phone correspondence that can be contacted anytime should be attached)
• Introduction (without subtitle, state the rationale for the study some references and main problem / the study purpose, maximal 1 page)
• Case report / Case Illustration
• Discussion
• Conclusion
• References (consist of references of minimal 10 years recently and in the form of essay).

The manuscripts are sent to the secretariat in the form of 3 copies of print-out manuscript and file in disk. Manuscripts may also be sent by email to ijm@interna.or.id. The manuscript must be original, never being published, and will not submitted to other publisher. Using Indonesian language. Manuscripts are written on letter pages, double space, with left and right border of 3 cm respectively.

Title Page and Author
Title page should consist of: (1) Title of the article (2) Complete name and profession title (3) Institution Name (4) Address of correspondence of main author.

Notes:

Illustration
Illustration, which is enclosed in the article can be hand-made picture, photograph, table or graph. Hand-made picture are made by black ink on white paper. Photograph can be enclosed in the article or as a file of scan result. Tables are made complete, including the parts of: 1) table number; 2) table title; 3) explanations; and 4) data in the form of number. Graphic is made by appropriate scale to the real numbers.

Ethic
When reporting/writing experiments result with certain object (i.e. patient’s names, or institution or others), should never mention about identity or other characteristic that describes that object.

The Editorial Board reserves the right to carry out editorial change if it is considered important.

References
References use the Vancouver style. References which came from text book are written as follow:: 1) the name of author or authors; 2) title of article; 3) editor’s name; 4) book’s title; 5) edition of; 6) publishing place; 7) publisher name; 8) year of publishing; and 9) first and last page of the manuscript. References which came from scientific journal are written as follow: 1) the name of author or authors; 2) title of article; 3) the name of scientific journal with usual abbreviation; 4) year of publishing; 5) volume of publishing; and 6) the first and last page of article.

The references writing style is using style of International Committee of Medical Journal Editors year 2000. This style can be seen in The New England Journal of Medicine or by opening www.icmje.org site.

Examples of references writing style based on its sources:
• Magazine

• Text Book

• Internet

☐ Type of Article: Please specify:
☐ Editorial
☐ Original Article
☐ Case Report
☐ Review Article
☐ Medical Illustration
☐ Special Article
☐ Clinical Practice

☐ Name, Address and Phone/Fax number for Reprint Requests
Name:
Address:
Phone. No (office):
Phone. No. (home):
Fax. No. (office) :
Fax. No. (home) :

☐ Floppy Disc
Is your manuscript available on floppy disc?
☐ Yes
☐ No

☐ Author(s) Guarantee Form
Title of article:
The author(s) guarantee(s) that:

a. All authors have participated sufficiently in this work to take public responsibility for it,
b. All authors have reviewed the final version of the manuscript and approved it for publications,
c. Neither this manuscript nor one with substantially similar content under my (our) authorship has been published or is being considered for publication in another medical journal, and
d. This manuscript has been submitted with the full knowledge and approval of the institution or department given as the affiliation of the author(s).

Signature of the principal author:

(__________________________)
Date:

☐ Title Page
☐ Title of the article(s) of the author(s)
☐ Address of the principal author
☐ Full name(s) of the author(s)
☐ Academic degree(s) of the author(s)
☐ Institutional affiliation(s) of the author(s)
☐ Running title (not more than 40 characters including letters and spaces)

☐ Abstract
☐ Abstract in Indonesian
☐ Abstract in English
☐ Keywords in English
☐ The Contains of Abstract: Aim, Materials and Methods, Results, Conclusion, and Keyword.

☐ The text
Original Article should be organized under headings such as:
☐ Introduction
☐ Methods
☐ Results
☐ Discussion
☐ Conclusion

☐ Figures and Tables
☐ Numbers of figures and/or tables in Arabic numerals
☐ Captions of all tables and/or legends of all figures

☐ References
☐ Use the Acta Medica Indonesiana format (see Instructions to Authors)
☐ All cited references in text available in the list
